

Exploring Plan(t)s

6th – 7th September 2023

Max Planck Institute of Molecular Plant Physiology, Potsdam

Scientific talks

Achim Walter

(Swiss Federal Institute of Technology in Zürich)

Alexander Jones

(Sainsbury Laboratory Cambridge University)

Cezary Smaczniak

(Humboldt University of Berlin)

Desalegn W. Etalo

(Wageningen University & Research)

Georg Hochberg

(Max Planck Institute for Terrestrial Microbiology)

Heidi Webber

(Leibniz Centre for Agricultural Landscape Research)

Hua Jiang

(Leibniz Institute of Plant Genetics and Crop Plant Research)

Iva Mozgová

(Institute of Plant Molecular Biology – Biology Centre CAS)

Jonathan Gershenzon

(Max Planck Institute for Chemical Ecology)

Markus Schmid

(Swedish University of Agricultural Sciences)

Martina Ried

(Leibniz Institute of Plant Biochemistry)

Nadine Töpfer

(University of Cologne)

Nicoletta Liguori

(Institute of Photonic Sciences)

Career talks

Amrit Nanda

(Plant ETP)

Charlie Cotton

(Cambrium)

Raphael Trösch

(Nature Plants)

Sylwia Kierszniowska

(metaSysX)

Shreya Agrawal

(Neoplants)

Viviana Correa Galvis

(Infarm)

Registration open!
Register by 31st July
